FEBRUARY 28<sup>TH</sup>  
SATURDAY  
2026

VENUE:  
HOTEL RADISSON BLU,  
KAUSHAMBI, GHAZIABAD

### ABOUT THE SUMMIT

India @2030: Building Competitive, Sustainable Enterprises envisions a future where Indian organizations evolve from rapid growth to global leadership by embracing innovation, resilience, and responsible business practices. As India advances towards its 2030 economic and developmental goals, enterprises across Manufacturing, BFSI, and IT & ITES must integrate technology, financial strength, and sustainability to remain competitive in an increasingly complex global environment. This theme underscores the need for forward-looking strategies that balance scale with efficiency, profitability with purpose, and growth with environmental and social responsibility, positioning Indian enterprises as globally respected leaders in the decade ahead.

**The Corporate Summit – India @ 2030: Building Competitive & Sustainable Enterprises** is a high-level thought leadership forum aimed at exploring how Indian enterprises can strengthen competitiveness, resilience, and sustainability in an era of rapid industrial transformation. As India advances toward its 2030 vision, sectors such as Manufacturing (Automobile, Auto Ancillary, EMS, Textiles, Cement), Energy (Solar, Renewable, Nuclear, Clean Energy and Global Capability Centers – GCCs), BFSI (Banking, Financial Services, and Insurance), and IT/ITES with a special focus on Artificial Intelligence are expected to play a decisive role in shaping economic growth and global positioning. The summit will bring together industry leaders, policymakers, regulators, technology experts, and academicians to deliberate on sector-specific challenges, emerging opportunities, and future-ready enterprise models.

Scheduled to be held on 28th February, the summit is designed to move beyond conventional discussions by enabling meaningful dialogue on smart manufacturing and Industry 4.0, energy transition and clean power ecosystems, AI-led digital transformation, and financial resilience, risk management, and innovation in BFSI. Through keynote addresses, expert panels, and interactive sessions, the summit aims to generate actionable insights, best practices, and collaborative pathways that align enterprise strategy with national priorities, ESG imperatives, and global benchmarks. The deliberations will also strengthen industry-academia engagement, contributing to the development of sustainable, technology-driven, and globally competitive enterprises for India @2030.

SESSION - I  
PANEL DISCUSSION  
.....  
MANUFACTURING  
@2030: FROM COST  
EFFICIENCY TO GLOBAL  
COMPETITIVENESS

SESSION - II

.....  
AI @2030: TRANSFORMING  
IT & ITES FROM  
SERVICE DELIVERY TO  
STRATEGIC VALUE  
CREATION

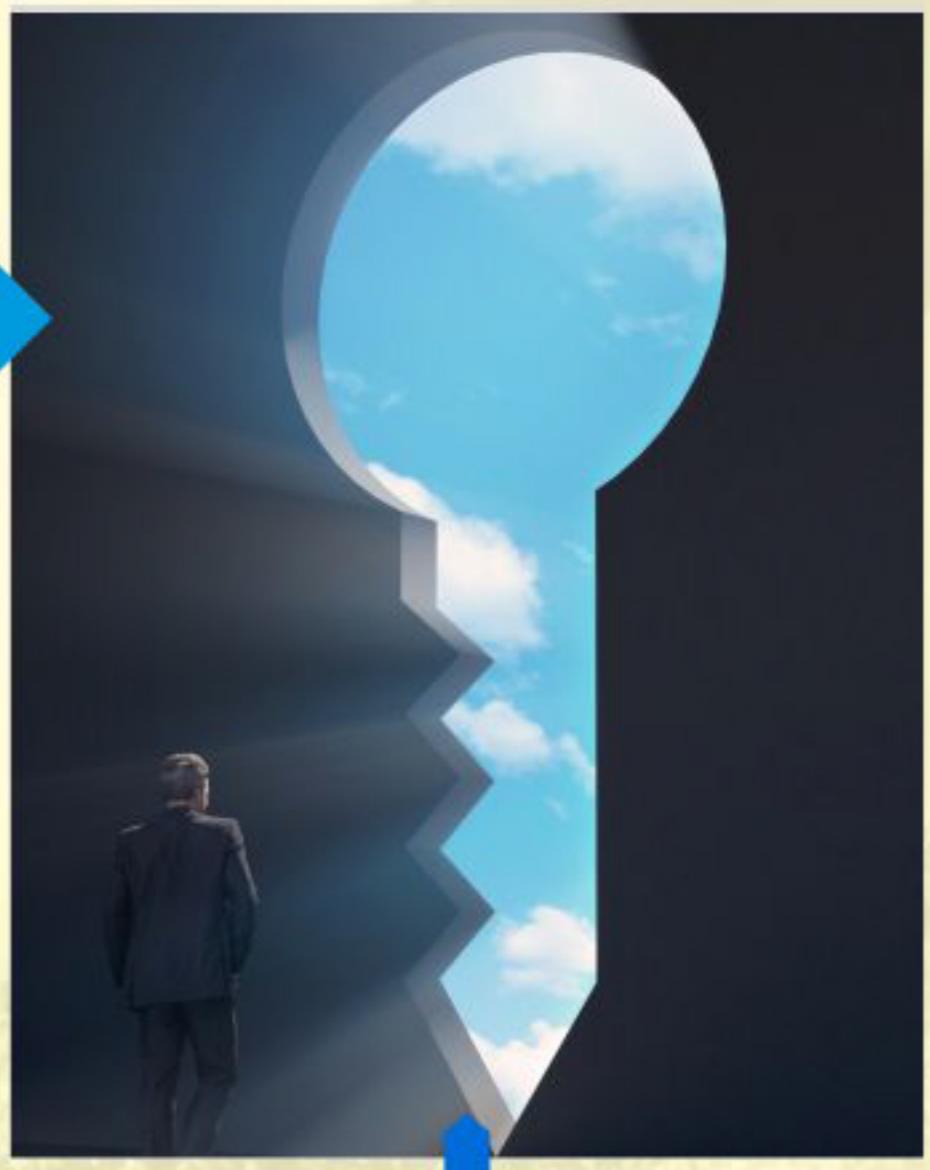

## WHY ATTEND

**MEET** : Engage with senior leaders and peers from leading organizations who are at the forefront of navigating the future workplace. Exchange insights and best practices on building agile, high-performing workplaces that are among the most valuable strategic assets of successful enterprises.

## JOIN THE DEBATE

Engage in thought-provoking discussions that challenge traditional leadership approaches and examine how CEOs and senior leaders are driving strategic change, innovation, and sustainable growth in the journey towards India @2030.

## GAIN

Acquire practical strategies to effectively manage the complexities of evolving workplaces, including workforce transformation, leadership challenges, and changing business models.

## LEARN

Explore the role of Artificial Intelligence, advanced technologies, and digital ecosystems in transforming manufacturing operations, energy systems, financial services, and IT/ITES delivery models.

## BE INSPIRED

Gain fresh perspectives and ignite strategic thinking through real-world experiences shared by industry leaders, empowering you to shape the future direction of your organization with confidence and clarity.

## DISCOVER

Understand the critical role of innovation-driven cultures and organizational agility in enabling sustainable growth and long-term competitiveness in a rapidly changing business environment.

## INSPIRING SPEAKERS

The summit will feature curated keynote sessions and focused panel discussions with CEOs, senior executives, policymakers, and thought leaders from Manufacturing, Energy, BFSI, and IT & ITES, offering deep sectoral insights, practical perspectives, and a forward-looking vision for building competitive and sustainable enterprises.

## INTERACTIVE FORMATS

Inspiring Case Studies, Driving Future Workplace, Presentations and Networking Opportunities.

**ABOUT THE INSTITUTE**

Jaipuria Institute of Management is a premier management Institute in Ghaziabad set up by Seth Anandram Jaipuria Education Society under the able guidance of the Shri Shishir Jaipuria. The institute offers MBA, MBA in Business Analytics and MBA in Banking and Financial Services. All these programs are affiliated to Dr. APJ Abdul Kalam Technical University, Lucknow, Uttar Pradesh, approved from AICTE. The institute provides quality management education to transform individuals into Business Leaders, Skilled Managers and Entrepreneurs.

Jaipuria Institute of Management intends to provide and develop the capabilities of the young managers by raising their level of competence and intellect to face various challenges in the global environment.

In pursuit of excellence, the institute provides training and development services, fosters research and disseminates knowledge through publication of books, journals and magazines for the development of society at large. Jaipuria Institute of Management has established itself as a leading management institute in Northern India.
